

The G. A. R. Encampment.

SAN FRANCISCO, August 6.—At the third day's session of the National Encampment to-day, the Committee on Resolutions submitted a report denouncing polygamy and that Congress be asked to pass such laws as will eradicate the evil from the country. A feature of the afternoon session was a discussion over the Service Pension bill. The Department of Massachusetts offered a resolution favoring the passage by Congress of the Lovering bill, which provides a pension of \$8 a month to each surviving soldier and sailor of the war, whether disabled or not. The Committee on Resolutions, to whom the matter was referred, reported adversely. Bennett, of Indiana, submitted a minority report, favoring the measure. The vote was first taken on the latter, and was defeated by 327 to 86. Several efforts were made during the day to bring up the consideration of the next Encampment place, but without avail. A session will be held this evening, when it is hoped both the selection of the Encampment and the election of officers will be accomplished.

St. Louis is selected as the place for the next National Encampment, by a vote of 213 to 171 for Nashville. The Encampment then proceeded to the election of a Commander-in-Chief. Tanner, of New York, was proposed by Patch, of Massachusetts, after which Lucius Fairchild, of Wisconsin; John Burst, of Illinois; John P. Ren, of Minnesota; and John A. Reynolds, of New York, were placed in nomination, with the following result: Whole number of votes cast, 441; necessary to a choice 222; Tanner, 112; Fairchild, 158; Burst, 71; Reynolds, 37; Ren, 62. Rae and Reynolds withdrew in favor of Fairchild, and the second ballot proceeded with, when Fairchild was elected Commander-in-Chief.

Mrs. Elizabeth Kiano, of San Francisco, was to-day elected National President of the Women's Relief Corps.

Hound for the Golden West

OMAHA, August 6.—Ex United States Senator Ferry, of Michigan, passed through last night for San Francisco. The Nebraska editorial excursion, consisting of sixty-two gentlemen and ladies, left Omaha last night for San Francisco. They will stop at Denver and Salt Lake City a day en route. Hon. C. H. Dewey, wife and daughter, of Omaha, left last night for San Francisco.

Hon. C. F. McGlashan, of Nevada county, says he has no respect for the press; that it is false, venal and corrupt. Mr. McGlashan is evidently speaking from his own limited personal knowledge, gained while he ran the Truckee Republican and other newspapers. We have no desire to correct the gentleman—so far as his connection with the press—for he ought to know what he is talking about, and should be familiar with the depths of his depravity.—Sac. Bee.

The following order was issued at the War Department Saturday, by direction of the President:

Fitz-John Porter having been appointed Colonel in the army under the provisions of the Act of Congress, approved July 1st, 1886, is hereby placed on the retired list of the army, in that grade as of this date, in pursuance of the authority conferred by said Act at his own request.

J. L. Gilmer, the Western stage man, has been in Washington consulting Hearst, regarding a mine in Nevada, largely owned by them. One of the owners is ex-Secretary Chandler. Mr. Gilmer has gone to New Hampshire to negotiate for buying Chandler's interest.

In the yacht race yesterday which was from Newport to Hen and Chickens and return, in which the Mayflower, Puritan, Priscilla, Atlantic, Stranger and the Grayling took part, the Mayflower won. The Puritan was second, three-fourths of a mile behind.

The Funeral of Tilden.

The funeral of the dead statesman, S. J. Tilden, took place yesterday. The pallbearers were Hon. Mr. Bigelow, Dan Manning, Hon. Samuel J. Randall, Hon. S. M. Weed, ex-Comptroller Andrew H. Green, George S. Miller, Charles A. Dana, Charles E. Simmers, William Allen Butler, Aaron J. Vanderpoel, Hon. Daniel Margone and John B. Trever. The officiating clergyman was Rev. J. W. Tucker, of Andover Theological Seminary, who was formerly pastor of the Madison Square Presbyterian Church of New York, and where the family attended church when in the city. The house was opened to the public at 8:30 A. M., to give an opportunity to view the remains for the last time. The funeral services began at 9:45 A. M. They were brief, using the simple burial service of the Presbyterian Church. No addresses or eulogies were given. After the services the casket was removed to a special train, consisting of a funeral car and drawing-room cars. The special train bearing the remains and family and friends started at 11:20 A. M. Rev. J. W. Tucker went to New Lebanon on the train. The train reached New Lebanon about 3:30 P. M., and the funeral services were held at the Presbyterian Church in the village, conducted by the pastor, Rev. Mr. Burrell. The remains were interred in the cemetery attached to the church.

Knights of Labor Platform.

NEW YORK, August 3d.—Master Workman Maguire, who proposes to take 30,000 men and District Assembly, No. 40, Knights of Labor, into politics this Fall, has not yet produced his candidate for Mayor of New York, but his political creed has appeared. He would have no President, Vice President or Senate, but in their places an Executive Board, chosen directly by the people and subject to removal at any time by the House of Representatives. The Government is to assume immediate and complete control of all telegraph and telephone lines, and also of all railroads, canals and means of transportation. There are to be no Governors for States, or Mayor for a city; Executive Boards are to take their places. The Government alone is to issue money. Inventors are no longer to get and hold patents, but are to have bonds instead. It is demanded that rent be fixed by law, at not above the legal rate of interest. When workmen are not employed they must be put to work upon public improvements. There is to be a progressive income tax, and a tax upon all inheritances. A working day shall be eight hours long only. Mr. Maguire wants a national divorce law, in which divorce depends merely on mutual consent. All tramp, conspiracy, pauper and temperance laws to be abolished.

Volante and Ben Ali.

About a week since a challenge was issued by the Haggin stable to run a match with one of its representatives against Mr. Baldwin's Volante, the affair to come off in the immediate future on the Saratoga track. Considering that Volante has some very valuable engagements in stakes at Coney Island and other places, Mr. Baldwin would not agree to the terms mentioned, but he has forwarded the following telegram, in which it will be perceived that Ben Ali is mentioned as the Haggin representative, which was not the case in the original proposition. It is greatly to the credit of our racing stock that California horses are chosen to do battle in the most attractive and sensational race of the season at the East:

SAN FRANCISCO, Aug. 2, 1886.

To J. W. McClelland, Santa Anita Stables, Saratoga: Will make race with Ben Ali for \$5,000 to \$10,000, play or pay, me to set day between 15th of September and 1st of November, at track which will add most money, same to go to winner. E. J. BALDWIN.

Acting Secretary Fairchild has written to Collector Hager that only such Chinese seamen should be permitted to land from their vessels as are compelled to do so to obtain employment on other vessels, and then only after applying for permission and giving security.

Says Emerson, in his "Perpetual Forces": "As cloud on cloud, as snow on snow, as the bird in the air and the planet on space in its flight, so do nations of men and their institutions rest on thoughts."

GOVERNMENT LANDS.

S. F. Chronicle.

The trouble with the land question is that we know so little of the facts. False statements and wild guesses are always floating through the newspapers, and after a time come to be accepted as truths, and used as a basis for schemes and theories. By and by some one puts them to the test of examination, and they are found to have no better foundation than conjecture. Only the other day we published an extract from a speech delivered by a Senator of the United States, stating that there were in this country 700,000,000 acres of land which were non-arable without irrigation, and that there was only water enough to irrigate 30,000,000 acres. This statement was taken up by Henry M. Teller, late Secretary of the Interior, and now Senator from Colorado, and was pronounced to be the veriest guess in the world. No steps, he added, have ever been taken to ascertain how much land can be irrigated, how much needs irrigation or how much water is available for the purpose. Mr. Teller knows as much about the public lands as any man in the country.

Another statement, which is constantly appearing in the papers, is that the public domain is nearly exhausted. This rests to some extent on assertions and estimates contained in publications issued by the Land Department. Yet it is a guess, and a guess based on imperfect information. In the course of the debate to which reference has been made, W. Teller was asked by George, of Mississippi, if he could estimate the amount of arable land still owned by the United States, and which did not need irrigation to make it available. The ex-Secretary replied that he had seen the area estimated at 200,000,000 acres, but that it must be twice as much, for fully 400,000,000 acres have been surveyed and stand upon the books as arable land. It would thus appear that the public domain still contains five times as much arable land, open to settlement under the homestead law, as there is in all Great Britain and Ireland—which support 38,000,000 of people. Have we not been a little hasty in considering ourselves landless?

Inquiry at the United States Land Office in this city as to the amount of arable land still in Government ownership in this State fails to elicit information. No one seems to know anything about the matter. All that can be learned is that there are a great many millions of acres of Government land unoccupied, and while the bulk of this cannot be cultivated without irrigation, a large portion may be classed as arable without artificial water supply. Not quite one-tenth of the soil of the State is under cultivation. In Texas, which is the only State in the Union surpassing California in size, only 38,000,000 acres are in farms out of 170,000,000 acres. In Colorado, in 1880, out of 66,000,000 acres of arable land, only 5,000,000 were under cultivation. The proportion is even less in Oregon, Washington, Nevada, Utah, Idaho, Montana and Dakota. There is room for a good many millions of people on these vacant lands, and if grumblers at the injustice of the social system would all go to work to make themselves farmers on the public domain, we should hear less of the ills of poverty, and the productive capacity of the nation would be increased.

ALL THE WORLD OVER.

The accumulation of books in the public library in Boston has increased so much that the city has appropriated \$450,000 for a new building.

The Sunday law passed by the Louisiana Legislature is denounced by everybody but the police, who expect to derive a large revenue by blackmail.

Of 7,000 persons inoculated for yellow fever by a Rio Janeiro physician only seven died of the disease, although the epidemic was of unusual intensity.

Since the Springfield, Mass., Public Library became free the number of books taken out has been multiplied by three, although the yearly charge was previously \$1.

A Roman Catholic Church is to be built at Jerusalem, in which masses will be said daily for the dead and dying throughout Christendom. It is to be called the "Chapel of the Dead."

A German physiologist, who has been making experiments on "a large butcher's dog," declares that beer retards digestion more than wine containing the same quantity of alcohol.

The proportions of different colors in eyes among the people in Italy is thus estimated by Prof. Mantagazza: Black eyes, 22 per cent.; chestnut, 64; blue, 11, and gray, 3 per cent.

The Hebrews, who form such a public-spirited and wealthy class in every city, number less than 250,000 in the United States. Most people in making a guess would say a million or two.

"Yes, I believe in the eight-hour system," said a Western farmer. "I work eight hours in the forenoon and eight hours in the afternoon. In buying time I sometimes put in an hour or two extra."

The first woman surgeon who has been admitted a licentiate in Ireland is Mrs. Mary Emily Dawson, who has received the privilege after four days' examination at the Irish College of Surgeons.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. SOLD ONLY IN CANS. ROYAL BAKING POWDER CO., NEW-YORK 106 Wall St., New York

THE GRAPE CURE. SAL-MUSCATELLE IN AMERICA

Without the Expense of an European Journey!

The crystallized salts, as obtained in a pure state from grapes and choice fruit, in a portable, palatable, simple form, are now presented to the public of America as the grandest solvent of impure blood, corrector of the liver and regulator of the bowels—the natural promoter of

HEALTH AND LONGEVITY.

Eminent physicians claim this achievement a new era in the allied science of medicine, as it furnishes the blood with its natural salines that are lost or eliminated every day.

Sal-Muscattelle A POSITIVE NATURAL SICK HEADACHE and DYSPEPSIA CURE.

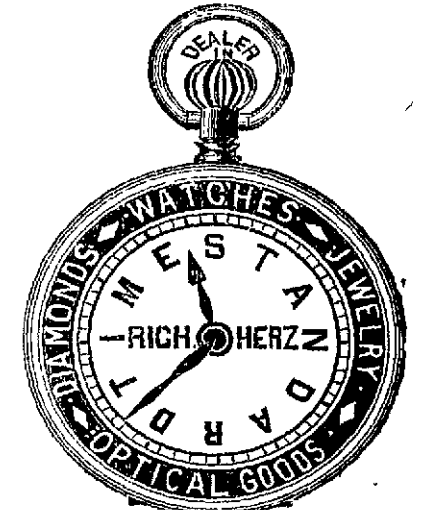

Sal Muscatelle is Nature's own product. It supplies to the system the want of sound, ripe grapes and fruit; it is the simplest and best preventive and cure for all functional derangements of the liver and its kindred ailments; prevents the absorption of malaria diseases—levens of all kinds; counteracts the effects of bad air, poor drainage and impure water; a powerful oxydizer of the blood; a natural specific for all skin eruptions, sick headaches, biliousness, nervousness, mental depression, and will remove the effects of accidental indigestion from excessive eating and drinking. Have it in your houses and on your travels. It is a specific for the fagged, weary or worn-out. Prepared by the

London Sal-Muscattelle Co. LONDON, ENGLAND.
Beware of imitations. The genuine in "blue wrappers only."

SUNDAY..... AUGUST 8, 1886.

TOWN AND COUNTY.

BREVITIES.

Nashy returned from the Bay yesterday.

Quite a number attended the Caledonian picnic yesterday.

Rev. Henry Aston will hold a religious service of song at the Asylum this afternoon at 3 o'clock.

Miss Gertie Peacock returned to her home in Wabaska yesterday morning after an extended visit in Reno.

Dr. Bergman was called yesterday to sew up a two-inch cut in the calf of Wm. Lyall's leg, into which Wm. had run a bay knife.

Sells Brothers' big shows passed through here yesterday morning en route to Truckee, after very successful exhibitions in Virginia and Carson.

Preaching by Rev. Henry Aston in the Methodist Church to-day, in the morning at 11 A. M. and 7:30 P. M. Evening subject—"King Saul and the Witch of Endor and Modern Spiritualism."

Our very efficient Surveyor General, C. S. Preble, will be a candidate for re-nomination and re-election. General Preble has filled the office with credit to his party and himself, and if nominated will certainly be elected.

W. H. M. Cobb, Grand Chancellor of Nevada, K. of P., returned from the Bay yesterday morning. He will go to his home in Dayton for a few days and then visit the eastern part of the State on business connected with his office in the Knights of Pythias.

Services at the Baptist Church to-day, both morning and evening. Preaching by C. L. Fisher of California. Subject for 11 A. M., "The Second Coming of Christ." Rev. Mr. Fisher will give a lecture in the evening at 7:30 P. M., subject, "The Pre-Historic Earth, or The Men Before the Flood." A cordial invitation to all.

The Chronicle says at noon Friday 483 names were entered upon the poll register at the Justice Court, Virginia. The name of John W. Mackay appears on the list opposite number 479. Mr. Mackay writes his autograph in a large, bold hand, resembling the signature of John Hancock affixed to the Declaration of American Independence.

THE NORRIS MINE.—Mr. Kirman, principal owner of the Norris mine in Kirman district, on the western slope of Mount Davidson, informs the Chronicle that another rich vein or feeder of gold bearing quartz was recently cut through in sinking the shaft. This vein or feeder varied in width from one-half to two inches, and was cut at a depth of 268 feet below the surface and 133 feet below the vein cut on the 135 level. The feeder cut on the 268 level pitches to the east on the same angle as the one passed through on the 135 level. A sample taken from the stringer cut on the 268 is estimated will assay \$75,000 per ton. These stringers or small veins are supposed to be the feeders or branches of a large metal-bearing vein located at a greater depth. Mr. Kirman says the pull on the diving rod grows stronger with every foot sunk since the last stringer was cut through, indicating that the main deposit or artery from which these small veins branch out is located some distance below the present base of operations.

J. C. HAGERMAN'S ILLNESS.—Yesterday morning about 10 o'clock, while writing, General Hagerman felt a peculiar sensation in his head, and not feeling very well, concluded to go to his home and rest. He reached his house, and as he entered the kitchen door fell. Retaining his consciousness he crawled to the front door and called assistance. Dr. Bergstein was summoned and found him suffering from serious congestion of the brain. The General regained his consciousness, and it is thought he will soon rally and be himself again.

STATE FAIR.

Two New Races Added to the Programme—Other Business.

A quorum of the State Board of Agriculture met at the office of Secretary Stoddard yesterday afternoon and transacted the following business:

In addition to the regular speed programme, it was decided to add the following races:

Trotting—3-minute class; best three in five; free for all horses in Nevada; Sierra, Plumas, Modoc, Mono and Inyo counties, California, and Grant county, Oregon; purse, \$150.

Trotting—2:40 class; free for all horses in Nevada, and counties above-named; purse, \$200.

The time of entrance to all State races was extended to September 1st.

L. J. Flint was appointed Superintendent of the Pavilion, and Alvaro Evans, Al. White and Theodore Winters committee to have charge of the race track.

The track will be in condition for training about August 20th.

Everything connected with the coming Fair, so far is progressing finely, and it promises to be the best we have ever had in the State. The Directors are leaving nothing undone to make it a grand success, and are meeting with considerable encouragement in the way of entries for the races and application for space in the Pavilion.

While the Directors are doing all in their power for its success, our business men must not expect them to do it all, for without the co-operation of the people of Reno, our Fair is liable to be a failure. Every merchant should make a display in the Pavilion, every lady should exhibit some piece of fancy work or sample of her aptitude in the culinary department, and every farmer a specimen of his live stock or sample of grain or vegetable raised on his farm. The time is not far off, only a little over a month and a half.

NEEDED IMPROVEMENTS.—The County Commissioners, at an adjourned meeting held yesterday afternoon, decided to build two new bridges across the Truckee river, one where the old Mayberry bridge now stands and one east of the V. & T. railroad bridge, opposite the cattle corrals. These bridges are very much needed, as the one now standing at Mayberry's is impassable, and it would cost nearly as much to repair it as to build a new one. The one east of us will almost pay for itself in a couple of years, by driving cattle across it and thus saving the expense of repairing the iron bridge across the river on Virginia street, the railing of which is more or less damaged every time a band of cattle is driven across it. Plans and specifications for the construction of both bridges will be received by the Board up to next Saturday at 1 o'clock P. M. The Board will pay \$50 to the party whose plans and specifications are accepted for the bridge below town, and \$20 for those of the Mayberry bridge. Information as to the character of the proposed bridges can be obtained by calling on or addressing S. C. Fogus, T. K. Hymers, or G. W. Huffaker, Commissioners.

GOING EAST.—Harry DeAlma, says the Carson Tribune, the crack baseball player of Nevada and Captain of the Amateurs, will shortly go East and be coached by his friend Joe Gearhardt, of the New York, who promises to have him in such trim next season as to be able to command a big salary as a professional. Harry has the stuff in him to make a first-class ball player.

MEN WANTED AT SPRUCEMONT.—A Sprucemont correspondent of the Elko Independent writes that the mines and furnaces at that camp are about to start up under the management of the owner, G. A. Rank, of Pennsylvania, and that lively times are expected this Fall. The writer says: "A few miners and furnace men can get work here, and charcoal burners are wanted badly."

NOTICE.—There will be a meeting of Republicans of Washoe county held at Judge Young's office in Reno, on Tuesday evening next, at 8 o'clock, for the purpose of taking such steps as are becoming and necessary to show a proper respect for General John A. Logan and party, who visit Reno next Friday evening at 8 o'clock.

A RARE MUSICAL TREAT.—In its comments on Prof. Cara's musical concert in Virginia City last Tuesday evening, the Virginia Chronicle gives Reno's pet singers the following well earned notice:

The bright particular stars of the evening, however, were Miss May Carn and Mr. Richard Jose, both of whom have phenomenal voices. The audience had been promised a rich musical treat, and was not disappointed. Miss Cara possesses a wonderful soprano voice, which she handles in a manner that shows the thorough education she has received. Her flute-like upper notes created much enthusiasm, and many persons present remarked that she was a second Emma Nevada. In addition to the young lady's vocal talent she is also an excellent instrumentalist, performing many of the most difficult selections upon the piano and organ to the great delight of the numerous critics present, and was compelled to respond to the repeated encores.

Dickie Jose, as usual, took the house by storm, his magnificent alto fairly captivating the audience. He responded to encores until the perspiration rolled down his cheeks in torrents—it seemed that the audience could not hear enough of him. This young man (who is under engagement with the manager of a first-class minstrel organization in New York city) undoubtedly has a brilliant future before him. Nevada is too small a field for him to develop himself, but he will create a furor in the large Eastern cities. By diligently applying himself to the study of music, as Professor Cara says, he will beat the world. This is great praise for a Comstock youth to receive, and it is to be hoped that he will not fail to improve the many advantages he possesses.

DEATH OF JOHN O'LEARY.—John O'Leary died at St. Mary's Hospital, Virginia City, at 8 o'clock Friday morning. Deceased was a native of Fermoy, County Cork, Ireland, 37 years of age. About seven years ago he arrived on the Comstock and was for a short time engaged as local reporter on the Chronicle. Subsequently he served one term as Enrolling Clerk of the Assembly and later one term as deputy. Latterly he was employed as chief accountant with the dry goods firm of W. Maher & Co. at Virginia, remaining there until incapacitated from filling the position through an attack of diabetes, which finally proved fatal.

DROWNED.—A nine-year-old boy by the name of Gussy Krenkle was drowned in the Humboldt river Thursday afternoon, while in bathing with four or five other small boys. The boys who went to the river with young Krenkle tell different stories about the manner in which he was drowned, and said nothing about the matter for some time after he was missed.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-1861-1v

NEW TO-DAY.

NOTICE.

THE BOARD OF COUNTY COMMISSIONERS of Washoe county, Nevada, propose to build two new bridges across the Truckee river—one in place of present bridge at Mayberry's ranch, and one across the river at Reno below the V. & T. railroad bridge, opposite the cattle corrals. Notice is hereby given that plans and specifications for both of said bridges will be received by the Board up to Saturday, August 14th, at 1 o'clock P. M. Fifty dollars will be paid to the party or architect, whose plans and specifications are accepted, for the bridge at Reno, and twenty dollars for the Mayberry bridge. Information relative to the character of the proposed bridge can be obtained of S. C. Fogus, T. K. Hymers, or of G. W. Huffaker, Commissioners. By order of the Board. T. V. JULIEN, Clerk. Reno, August 7, 1886.

New Addition.

W. N. Knox has added to his list of insurance companies "The Fire Insurance Association of London." Capital, \$4,500,000. Policies issued on day of application. July 31-1w.*

No. 19. Pacing; free for all, mile heats, three in five, purse \$500.
No. 20. Trotting—Free for all, mile heats, three in five, purse \$500.

Remarks and Conditions.

Nominations to stakes must be made to the Secretary on or before the first day of August, 1886. Entries for the purses must be made: On Monday's races on the Saturday preceding; for Wednesday's races, on Monday and for

Friday's races, on Wednesday, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race at 6 P. M. Horses entered in a race can only be drawn by the consent of the judges.

The rules of the Pacific Blood Horse Association will govern running races.

All horses entered for state purses must be owned and kept in Nevada and California east of the Sierra Nevada, for six months prior to day of race.

Entries to all trotting races will close September 1st, with the exception of five or more to enter and three or more to start in all races for purses.

National Trotting Association Rules to govern trotting races. Pacific Coast Blood Horse Association Rules to govern running races, except as above.

All trotting and pacing races are the best three in five unless otherwise specified, five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. A advance fee 10 per cent, on purse, to accompany nomination. Trotting and pacing purses divided at the rate 1/2 50 per cent to first horse, 2/5 20 per cent to second, 1/5 10 per cent to third, and 1/10 per cent to fourth.

All races to be run on a track with first and last two class, after that it is to be any class, any day, week or month, or a special race between heats. All races in large walks over shall be entitled only to the entrance money paid in. Which less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 60% to the first and 40% to the second.

In all the foregoing stakes the declarations are void unless accompanied by the money.

Please observe that in the above stakes, declarations are permitted for a small forfeit.

In all races entries not declared by 4 P. M. of the day preceding the race shall be required to start.

Where there is more than one entry by one person, or in one interest, the particular horse they are to start must be named by 4 P. M. of the day preceding the race. No added money paid for a walk-over.

Racing colors to be named in entries.

In trotting races drivers will be required to wear caps of distinct colors, which must be named in their entries.

Each day's races will commence promptly at one o'clock P. M.

All entries must be directed to C. H. Stoddard, Secretary of the Society.

Special Premiums—Equestrianism.

Ladies' Grand Tournament for the most accomplished and graceful lady riders, Wednesday and Friday, October 16th and 18th, at 10 o'clock A. M.

The Society offers four premiums, valued respectively at \$100, \$70, \$40 and \$20.

The lady who is adjudged first shall have her choice of all premiums offered. The second lady shall have second choice, and so on. All ladies must ride with saddles.

It is expected that other special premiums will be added to this list by private contribution. No one but ladies of the highest respectability will be allowed to compete for prizes.

Ladies wishing to compete for prizes will please send name to Secretary, indorsed by two members of the Society.

Sheep Shearing Match.

On Tuesday, October 6th, there will be a sheep shearing match, open to all, for a purse of \$100; \$50 to first, \$30 to second and \$20 to the third. Entrance \$5, and ten or more to enter. Not less than fifteen animals must be sheared, and rapidity and cleanliness will be the controlling factors in determining the award. A committee of three will be selected from the leading men of the wool industry of the State to make an impartial report.

Base Ball Matches.

Arrangements will be hereafter perfected to permit the various base ball clubs of the State to come together.

POWDER, ETC.

THE CALIFORNIA

POWDER WORKS,

230 CALIFORNIA STREET,

SAN FRANCISCO,

Manufacture and have constantly on hand

SPORTING.

MINING,

and BLASTING

POWDER

Of superior quality, fresh from the mills. It is being constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and in every way

Superior to Any Other Powder.

In market. We have been awarded successfully

Three Gold Medals!

At the MECHANICS' INSTITUTE and the STATE AGRICULTURAL SOCIETY for the superiority of our products over all others. We call attention to our

Hercules Powder,

Which combines all the force of other strong explosives now in use, and the lifting force of the very

BEST BLASTING POWDER

Thus making it vastly superior to any other compound now in use.
